### **Order of Play**

Allies to be drawn to determine order of play

The 2 lowest handicap players will be drawn first (1 and 2) and then the next 2 players on handicap (3 and 4)

### **Breaks in Between Frames:**

Captains and Players are reminded that they should be ready to play the next frame once the referee has set the table for the start of the next frame

This means that a player would have about a 3 minute break from the end of the frame until the start of the next frame

### **Mobile Phones:**

Players should put their phones on silent when playing and unless there is an emergency call not answer a call during a frame and definitely not start a conversation on their phone while the other player is addressing the table.

### **Referees Decisions:**

Players should not argue with the referee on decisions made

### **Neutral Area: (LWC)**

Only Players and the Referee to be at the scoring end of the table (Score Board)  
Players not playing are asked to stay away from this end and not to engage in conversation with the referee and the non-striker
